

Flowmaster proudly introduces the latest in a growing line of all-stainless exhaust systems. Part number 817557 covers the new 409S system engineered for the 1993-1997 Jeep Grand Cherokee equipped with the 4.0L inline six and 5.2L V8 engines. Featuring our Super 50 Series muffler and a single 2.50" mandrel-bent tailpipe, this American Thunder system provides a moderate performance tone both inside and out as well as the improved performance and mileage you expect from Flowmaster. A polished, 3.00" Flowmaster-embossed stainless tip provides a finished look to the rear-exit system. Constructed entirely in the US from 409S stainless steel, this system carries our Limited Lifetime Warranty. With the included detailed instructions, installation is an easy at-home job. Please call 1-800-544-4761 or visit www.flowmastermufflers.com for more information.
