

NEW PRODUCT RELEASE

For owners of Chevy's 2010-2012 Camaro coupe, Flowmaster is proud to introduce the latest in a series of highly engineered Cat-back exhaust systems for the 6.2-equipped hardtop car- this system will not fit the convertible, or those with the optional ground effects package. Part number 817556 features our race-developed Outlaw Series mufflers to generate an aggressive sound both inside and out, and deliver the performance gains you expect from Flowmaster. The system also features our patented Scavenger X pipe and full 3.00" mandrel-bent piping throughout. The tailpipes are capped with 4.00" diameter, polished stainless tips, which exit in the factory location. Manufactured proudly in the USA, this all-409S stainless steel system is covered by our Limited Lifetime Warranty. At-home installation is made easy with all necessary hardware, as well as fully detailed instructions. Please call 1-800-544-4761 or visit www.flowmastermufflers.com for more information.

- **Stainless Steel Construction**
- **Dyno Tuned For Maximum Performance**
- **Super Aggressive Sound**
