

NEW PRODUCT RELEASE

For owners of 1998-2009 Ford Ranger and Mazda B Series trucks equipped with the 3.0L and 4.0L V6 engines, Flowmaster proudly introduces our new Cat-back exhaust system, number 817529. This 409S stainless steel American Thunder system bolts directly behind the emissions equipment on the Extra Cab models, and features our Super 50 Series muffler along with dual mandrel-bent 2.50" tailpipes which exit out the back with 3.00" polished Flowmaster-embossed stainless tips. Developed and manufactured completely in the USA, this exhaust provides a moderate performance tone inside and out, as well as the performance and mileage benefits you expect from Flowmaster.

With all necessary hardware included, the detailed instructions allow for an easy at-home or professional installation, while our Limited Lifetime Warranty provides lasting assurance of product quality.

Please call 1-800-544-4761 or visit www.flowmastermufflers.com for more information.
