

COMP Cams® Phaser Limiter And Lock Kits For Chrysler Hemi Engines

Memphis, TN – New Cam Phaser Limiter and Lock Kits for Chrysler Hemi Engines allow users to run a bigger camshaft with more lift for higher performance applications.

While cam phasers provide tremendous efficiency benefits, they also present some limitations when it comes to performance camshafts. In turn, COMP Cams® has developed Cam Phaser Limiter and Lock Kits for Chrysler Hemi 5.7L, 6.1L and 6.4L V8 engines. The limiter kits limit maximum cam phasing to 14 crank degrees (7 cam degrees) to provide the necessary piston to valve clearance when using larger aftermarket camshafts. Meanwhile, lock kits take all movement out of the phaser. Combining these performance modifications with more aggressive cam profiles will result in larger upper RPM gains without sacrificing any bottom end or mid-range performance. COMP Cams® Phaser Limiter and Lock Kits are one-of-a-kind, as they are the first phaser tools designed specifically for Hemi engines.

Quick Facts

Product: COMP Cams® Cam Phaser Limiter and Lock Kits for Hemi Engines

Part Number: #5760 (Lock Kits), #5761 (Limiter Kits)

Street Price: \$89.65 (Lock Kits), \$86.94 (Limiter Kits)

Social Media Pitch: COMP Cams® Hemi Cam Phaser Limiter and Lock Kits allow for a bigger camshaft with more lift for high performance Chrysler Hemi applications

Features & Benefits:

- Phaser limiter kits restrict range of cam phasing to only 14 crank degrees (7 cam degrees), providing necessary valve clearance for performance cams
- Lock kits take all movement out of the phaser
- Results in large upper RPM gains without sacrificing any bottom end or mid-range performance
- Designed for Chrysler Hemi 5.7L, 6.1L & 6.4L V8s
- First phaser tools designed for Hemi engines

About COMP Cams®

Founded in 1976 and based in Memphis, TN, COMP Cams® has become the automotive performance aftermarket's "Absolute Leader in Valve Train Technology." With an ISO 9001:2008 Certification, our mission is to produce the highest performing products possible, provide superior customer service and lead the industry in technological development. Additional information about COMP Cams® and its products can be found at www.compcams.com or at 1.800.999.0853.
