

DESCRIPTION

Flowmaster proudly introduces the newest member of our stainless steel 50 Series Delta Flow family of mufflers. Part number 842554 features a 2.50" inlet and outlet, with same-side offsets. As a universal muffler, the 842554 will fit many applications and it is also a perfect addition to our 817413 pipe system for those desiring a moderate sound from their Impala applications. The three chamber design of the 50 Series utilizes Flowmaster's patented Delta Flow technology along with an internal tuning chamber to reduce sound inside the vehicle, while delivering that famous Flowmaster sound. Manufactured entirely in the USA, the stainless 50 Series Delta Flow muffler is covered by our Lifetime Limited Warranty for long term quality assurance. Please call 1-800-544-4761 or visit www.flowmastermufflers.com for more information.

- Mild to Moderate Exterior Exhaust Tone
- Minimal Interior Resonance
- Excellent Choice For Street Rod Cars and Trucks
- Improved HP/TQ and Potential Mileage Improvement
- Race Proven Patented Delta Flow Technology
