

DESCRIPTION

With many performance enthusiasts choosing the 305 HP V6 Camaro to drive and modify, Flowmaster has developed a direct fit, 50-state emissions legal header system for the 2010-2012 models. Featuring a laser-cut 3/8" flange and 14-gauge stainless 1 3/4" primary tubing, these silver ceramic coated headers provide a marked performance increase over the OE manifolds, while maintaining the factory emissions equipment. A 1-year warranty provides quality assurance, and the included hardware and detailed instructions make installation an easy at-home job. Note: Installation requires cutting and welding of factory components. Please call 707-544-4761 or visit www.flowmastermufflers.com for more information.

- **Stainless Steel Construction**
- **50-State Emissions Certified**
- **Dyno Tuned For Maximum Performance**
- **High Temperature Ceramic Coated**
- **3/8" Thick Laser Cut Flanges**

SPECIFICATIONS:

UPC: 700042-02632-6

BOX DIMENSIONS:

8.75" H x 10.50" W x 20.25" L

WEIGHT: 15.00 lbs.
