

DESCRIPTION

Classic Mustang owners now have the ultimate header choice to complete their high performance Flowmaster exhaust. Scavenger Series® Elite header part number 814211 is our new stainless steel full-length header for 1964-1973 Mustangs equipped with small block 289/302 engines.

Featuring 3/8-inch laser-cut flanges, 1 3/4-inch primaries and our 'gasketless', leak-free, 3.0-inch ball-flange collectors (with included reducers), these headers deliver excellent performance gains, while the silver ceramic coating provides long term protection and a great long lasting appearance.

A One Year warranty provides assurance of product quality, and installation of the headers is made easy with the included hardware and complete instructions. Please call 707-544-4761 or visit www.flowmastermufflers.com for more information.

- **Stainless Steel Construction**
