

DESCRIPTION

The latest addition to Flowmaster's expanding line of premium stainless steel headers is our part number 814112. These full length headers are engineered for the 1968-1974 Camaro and 1968-1974 Chevy II/Nova equipped with Chevy big block engines, including the 502.

Featuring our 'gasketless', leak-free 3 1/2" ball flange collectors, complete with reducers, these large 2" primary tube ceramic coated headers also have our warp-resistant 3/8" heavy duty flanges, assuring a long lasting installation. With our 1-year warranty, Flowmaster's Scavenger Series® Elite Headers are the ultimate solution for your big block Camaro project, and combined with our header-back exhaust systems (available in stainless or aluminized steel) provide a single source for your high performance exhaust needs. Please see below for fitment specifics and notes, and please call 707-544-4761 or visit www.flowmastermufflers.com for additional information.

- **Stainless Steel Construction**
- **Ball & Socket Collector Connections**
- **Dyno Tuned For Maximum Performance**
- **High Temperature Ceramic Coated**
- **3/8" Thick Laser Cut Flanges**
