

DESCRIPTION

As part of our expanding line of high quality exhaust headers, Flowmaster introduces our universal small block Ford 'block hugger' header system, part number 814220. Developed for use in many applications, including street rods, custom cars and more, these headers feature laser-cut 3/8-inch flanges and 14-gauge 1 5/8-inch primary pipes, along with 2 1/4-inch ball flange collectors. Fabricated from stainless steel, the headers are ceramic coated for maximum durability, and feature a One Year warranty.

With the included hardware and illustrated instructions, installation is an easy job for do-it-yourselfers or professionals. Please call 707-544-4761 or visit www.flowmastermufflers.com for more information.
