

DESCRIPTION

Flowmaster is proud to introduce our new stainless steel header for the 1996-1998 Mustang 4.6L GT. Featuring laser cut heavy-duty 3/8-inch flanges and 14 gauge 1-5/8-inch primary tubes, part number 814222 bolts directly to the factory converters for a 50-state emissions legal installation. A One Year warranty provides quality assurance, and the silver ceramic coating provides a great appearance and long term durability.

The included instructions and hardware make installation an easy at-home job, and these headers are a great addition to our famous Cat-back systems for the Mustang. Please call 707-544-4761 or visit www.flowmastermufflers.com for more information.
