

DESCRIPTION

For owners of the 1997-2003 5.4L V8-equipped Ford F150 and Expedition as well as the Lincoln Navigator, Flowmaster is proud to introduce our Scavenger Series® Elite 'shorty' header system, part # 814227. Engineered for 50-state emissions legality, the headers bolt directly to the OE converters and provide substantial performance gains to both stock and modified trucks.

Featuring laser cut 3/8" flanges and 1 1/2" primary pipes, these headers are ceramic coated for long term durability and appearance, and feature a One Year warranty. Easily installed at home, the headers come complete with all necessary hardware and gaskets, as well as fully illustrated instructions and are a perfect addition to our popular Cat-back exhaust systems.

Please call 707-544-4761 or visit www.flowmastermufflers.com for more information.
