Bronze Oil Pump Drive Gear & Shaft for 340-360 Mopar

Milodon's new Bronze Gear and Shaft assembly for Small Block Mopar was built with over 50 years of engineering expertise to provide the highest level of quality and reliability available. Part number 21535 is in stock and ready to ship.

- Uses 4130 Chrome Moly precision ground shaft
- Hex end is CNC machined and precisely heat treated for maximum strength.
- Uses high quality Bronze that resists wear unlike cheaper versions that can wear rapidly.
- A must for all Small Block Mopars with a roller camshaft.
