

DESCRIPTION

The restyled 2013 Mustang GT, with its 420 HP 5.0 liter engine needs more authority in its exhaust tone. Flowmaster is proud to announce the voice of the Mustang, in our 817588 American Thunder Axle-back exhaust for the new GT. Featuring specially modified Super 44 Series mufflers, the direct bolt-on stainless steel American Thunder system delivers a powerful aggressive tone outside with a moderate interior sound at low RPM. Delivering the performance gains you demand from Flowmaster, this American made exhaust is easily installed at home, and features polished 4.00" stainless tips for a finished look. Our Lifetime Limited Warranty provides the assurance you want that this will be the last exhaust system your Mustang will ever need. Please call 707-544-4761 or visit www.flowmastermufflers.com for more information and product videos.
