

DESCRIPTION

To complete a stainless steel exhaust system for Fox-Body Mustangs, Flowmaster introduces part number 815805. This pair of mandrel-bent, 409S stainless steel 2.50" tailpipes fits the 1987-1993 Mustang GT with the 'skirted' bumper. As bolt-on parts, these tailpipes include the welded hanger brackets to match the OE hangers and the pipes exit in the factory location with turndowns. These pipes are also direct replacements for damaged or missing Flowmaster American Thunder system tailpipes.

Made entirely in the USA, the 815805 tailpipes include Flowmaster's Lifetime Limited Warranty, so you're assured these will be the last tailpipes you need for your Mustang. Please call 707-544-4761 or visit www.flowmaster-mufflers.com for more information.
