

DESCRIPTION

Flowmaster's popular Outlaw race mufflers are a great solution for race classes requiring mufflers but having no set sound reduction rules. We are proud to introduce a number of new stainless steel additions to this popular line-up. Part numbers include:

815435 / 815435S - 3.50" in/out, 4.50" diameter, 10.00" / 6.00" case length

815440 / 815440S - 4.50" x 5.00" diameter 10.00" / 6.00" length

815450 / 815450S - 5.00" x 6.00" diameter 10.00" / 6.00" length

These new all 409S stainless Outlaws are designed to mount directly to your header collectors, and can also be used in full exhaust systems when minimal sound reduction is required.

Please call 707-544-4761 for specific recommendations for the Outlaw Series mufflers, or visit www.flowmastermufflers.com for general information.
