

DESCRIPTION

The Hemi powered Jeep Grand Cherokee is a fantastic, powerful SUV, but the OEM sound just doesn't do it justice. Flowmaster has the solution to that problem with our new bolt-on Force II system, kit number 817575. Engineered for the 2011-2012 Grand Cherokee, this system features a pair of our Super 50 Series mufflers at the back of the vehicle. Combined with custom-tuned resonators and our patented Scavenger X-pipe, this all 409S stainless steel exhaust delivers increased performance with a moderate exterior rumble and a mild interior tone, making this exhaust ideal for a daily driver.

- **Stainless Steel Construction**
- **Dyno Tuned For Maximum Performance**
- **Patented Delta Flow Technology**
- **Lifetime Limited Warranty**
- **Made in the USA**
