

## DESCRIPTION

Flowmaster is proud to announce our new American Thunder Cat-back exhaust for the 2013 Toyota Tacoma equipped with the 4.0 liter V6 engine. Featuring all 409S stainless steel construction, this bolt-on dual-pipe exhaust system uses our Super 50 Series muffler for a moderate performance tone inside and out, while mandrel-bent 2.50" tailpipes carry the exhaust out behind each rear tire through 3.50" polished, Flowmaster-embossed stainless tips. Easily installed at home using the included hardware and detailed instructions, this American made exhaust is protected by our Lifetime Limited Warranty, making it the last exhaust you'll need to buy for your Tacoma. Please call 707-544-4761 or visit [www.flowmastermufflers.com](http://www.flowmastermufflers.com) for more information and product videos.
