

FOR IMMEDIATE RELEASE

1969-1972 GM Roof Rail Seals

DENVER, NC – Steele Rubber Products introduces a new roof rail seal for most GM two-door hardtop models. These new weatherstrips will seal the side window to the body to seal out rain and road noise. These strips are a perfect way to seal your Chevelle, Skylark, Cutlass, Tempest and other GM models. Steele brand weatherstrips have an authentic look and are made with heat and ozone-resistant rubber compounds. Close attention to detail ensures the highest quality fit and appearance. Steele stands behind all products by offering a money-back guarantee if a customer is not completely satisfied with performance and looks.

Part Number: 82-0072-68

Steele Rubber Products manufactures and supplies automotive restoration rubber parts and weatherstripping for American-made cars, trucks and street rods. With over 12,000 parts, Steele offers quality rubber parts for vehicles from the 1920's through 1990's.
