

DESCRIPTION

For those folks with newer GM Duramax diesel trucks, the search for an after-market exhaust just got easier. Flowmaster announces our new DPF-back bolt-on exhaust for the 2007-2010 6.6L Duramax trucks, part number 817617. Featuring all 409S stainless steel construction, this mild-toned Force II system features our Outlaw Series muffler and a full 4.00" diameter mandrel bent pipe. Exiting behind the right rear tire, the system provides a full 5.00" polished, embossed stainless tip for a great performance look. The 817617 system is made in the USA and includes our Lifetime Limited Warranty as well as all the necessary hardware for an easy at-home installation. Please call 707-544-4761 or visit www.flowmastermufflers.com for more information and product images and video.
