

DESCRIPTION

In exciting news for owners of Audi A6 Quattro sedans, Flowmaster proudly introduces our new Force II Cat-back exhaust system for the 2002-2004 base models equipped with the 4.2L V8 engine. Featuring dual HP II Series Laminar Flow mufflers and custom-tuned resonators with 2.25" mandrel-bent pipes, this stainless steel system also includes our Scavenger X Pipe with D-port Technology for maximum performance and efficiency. Highly polished tips with silver anodized caps exit through the original cutouts to provide a high-tech finished look. Delivering a refined performance tone outside, this system leaves the interior with a mild tone, making the exhaust ideal for daily driven vehicles. Manufactured entirely in the USA, this Flowmaster exhaust is easily installed at home using the supplied hardware and detailed instructions and our Lifetime Limited Warranty provides long term assurance of quality. Please note- This system does not fit the Avante, Allroad or station wagon models. Please call 707-544-4761 or visit www.flowmastermufflers.com for more information and product videos.
