

DESCRIPTION

In exciting news for owners of Audi A4 Quattro sedans, Flowmaster proudly introduces our new Force II Cat-back exhaust system for the 2002-2008 base models equipped with the 1.8L and 2.0L Turbo engines.

This all stainless steel system bolts directly behind the OE converter and includes 2.00" mandrel-bent pipes leading to dual 60 Series Delta Flow mufflers for maximum performance and efficiency. Highly polished tips with silver anodized caps exit through the original cutouts to provide a high-tech finished look. Delivering a moderate, refined performance tone outside, this 50-state legal exhaust provides the interior with a moderate tone, making the exhaust ideal for daily driven vehicles. Manufactured in the USA, this Flowmaster exhaust is easily installed at home using the supplied hardware and detailed instructions and our Lifetime Limited Warranty provides long term assurance of quality. Please note- This system does not fit the Avante, Allroad or station wagon models. Please call 707-544-4761 or visit www.flowmastermufflers.com for more information and product videos.
