### Quarter Master® One-Piece Dirt Late Model Flywheel For Clutchless Bellhousings

**Lake Zurich, IL** – The new one-piece Dirt Late Model flywheel from Quarter Master® is built to work with clutchless transmission bellhousings and is designed for ultimate strength while maintaining a very low moment-of-inertia (MOI).

Built specifically for operation in high-stress Dirt Late Model applications, this Quarter Master® One-Piece Flywheel is engineered to be a performance upgrade over two-piece flywheel options for Chevy applications. Perfect for Bert/Brinn-style transmissions, the flywheel is built from 4140 chromemoly steel, features added holes for strategic weight reduction, an integral 22-tooth pulley and a replaceable 91-tooth ring gear. Extensive FEA analysis was used to develop the unique single-piece steel hub and flywheel design, which improves strength while maintaining light weight and low MOI. Designed for two-piece rear main seal Chevy engines, the Quarter Master® One Piece Flywheel installs easily and works seamlessly with Quarter Master® Reverse Mount Starter Bellhousing Kits. In addition to its availability as a standalone piece, the flywheel also is included in the Quarter Master® aluminum bellhousing kit - PN 130509124TM, and magnesium bellhousing kit - PN 115509124TM.

#### Quick Facts

**Product:** Quarter Master® One-Piece Dirt Late Model Flywheel For Clutchless Bellhousings  
**Part Number:** #509139B  
**Street Price:** \$ TBD

**Social Media Pitch:** New Quarter Master® 1-Piece Dirt Late Model Flywheel For Clutchless Bellhousings designed for ultimate strength while maintaining a low MOI

#### **Features & Benefits:**

- 1-Piece flywheel & hub design built for ultimate strength while maintaining a low MOI
- Added holes create a strategic weight reduction
- Maintains familiar Quarter Master® attributes regarding fit & function; allows for an easy installation & compatibility with existing Quarter Master® parts

#### About Quarter Master®

Quarter Master® began operations in 1958, and since that date, Quarter Master® products have enjoyed a history of track-proven results. Quarter Master® products are built to exceed racers' demands for reliability, high-performance and durability. Our passion and our commitment are to the racer's ultimate goal...winning! Quarter Master® joined the COMP Performance Group™ in early 2009 to become part of the largest family of automotive aftermarket performance manufacturers.
