

## Quarter Master® DS Rear Mount Starter Bellhousing Kit With Left-Side Oil Pump Mount

**Lake Zurich, IL** – This unique Quarter Master® DS bellhousing kit enhances handling characteristics by placing weight low on the left side of the engine.

The Quarter Master® DS Rear Mount Starter Bellhousing Kit With Left-Side Oil Pump Mount is machined to accept a dry sump bracket that locates the oil pump to the left side of the bellhousing. This feature allows more left-side weight, the pump weight is lowered and the engine bay is void of extra oil line length and bulk. With the weight savings from less plumbing, weight can then be redistributed elsewhere. An existing clutch can be used by adding a cover-mounted oil pump gear. The kit can be used with 4.5", 5.5" and 7.25" clutch assemblies from the Pro-Series, V-Drive, Optimum and Ultra Light Optimum families. The Quarter Master® DS Rear Mount Starter Bellhousing Kit With Left-Side Oil Pump Mount kit also uses custom-fit components like a shortened tri-lite with small OD bearing and piston, and a low-profile bearing retainer for the transmission. Oil pump not included.

**Part # 10038591DS**  
\*Oil pump not included

### Quick Facts

**Product:** Quarter Master® DS Rear Mount Starter Bellhousing Kit With Left-Side Oil Pump Mount

**Part Number:** #10038591DS

**Street Price:** \$1599.00 (as shown)

**Social Media Pitch:** Quarter Master DS Rear Mount Starter Bellhousing Kit With Left-Side Oil Pump Mount enhances handling with weight low on engine's left side

#### **Features & Benefits:**

- Oil pump mounts to the left side of the bellhousing rather than the front of engine, making the engine bay cleaner & lighter
- Distribution of weight from front of engine to low left side results in a better weight balance
- Can be used with a variety of clutch sizes & series to fit a large number of applications

### **About Quarter Master®**

Quarter Master® began operations in 1958, and since that date, Quarter Master® products have enjoyed a history of track-proven results. Quarter Master® products are built to exceed racers' demands for reliability, high-performance and durability. Our passion and our commitment are to the racer's ultimate goal...winning! Quarter Master® joined the COMP Performance Group™ in early 2009 to become part of the largest family of automotive aftermarket performance manufacturers.
