NEW POWR-FLO SPACER Part # 62180 2009-2012 Dodge Ram 5.7L

JET Performance has released a new Dodge throttle body spacer. The Powr-Flo spacer's bore is designed to increase the velocity of the air flow into the intake manifold. By delivering the air with more velocity it allows more air into the combustion chamber for a denser air charge. The design results in:

- Improved throttle response
- Improved overall fuel efficiency
- Simple, bolt-on installation

Part # 62180 Retail \$123.99 Jobber \$92.99
UPC = 064330042666
