

## Driveline University Video: Driveshafts & U-Joints

**Memphis, TN** – The latest Driveline University Video demonstrates how to measure for driveshaft length and provides a quick and easy method for replacing u-joints.

A joint effort by and TCI<sup>®</sup> and Quarter Master<sup>®</sup>, this video features host Lauren Rosado and TCI<sup>®</sup> Sales and Support Technician Will Vance. In the first half, Will explains how to measure driveshaft length while providing a step-by-step on-screen demonstration. Then, Lauren and Will turn their attention to a simple way to replace u-joints in a racetrack environment. Again the narration is complemented by helpful images to ensure viewers understand the process. Coming in at just under two-and-a-half minutes, this video is designed to provide information and tips on two critical driveline areas in a short period of time. All videos from TCI<sup>®</sup>, Quarter Master<sup>®</sup> and the rest of the COMP Performance Group<sup>TM</sup> family are available at [www.cpgnationtv.com](http://www.cpgnationtv.com).
