Quarter Master® Optimum-RR 7.25" Street Performance Clutch Kits For Mitsubishi Evo 8/9 Applications

Lake Zurich, IL – New Optimum-RR Street Performance Clutch Kits from Quarter Master® allow Mitsubishi Evo drivers to maintain engine revs for close-to-stock drivability.

These kits enhance the street driving characteristics of Mitsubishi Evo 8/9 daily drivers. Each one comes with a flywheel that increases MOI (or rotating weight) over the brand's lightweight race version to within 80% of the stock component while keeping mass at a minimum. It weighs nearly two-and-a-half pounds less than the stock piece. Quarter Master® accomplished this by strategically placing mass in designing the flywheel to increase MOI and not overall weight. This allows the driver to maintain RPM for the smooth takeoffs and clutch modulation that Optimum-RR Import Clutches are known for. Quarter Master® Optimum-RR Street Performance Clutch Kits for Mitsubishi Evo 8/9 Applications come with a two-disc clutch and flywheel, and are available with or without a Tri-Lite Hydraulic Throwout Bearing.

#28962S1635

Quick Facts

Product: Quarter Master® Optimum-RR Street Clutch Kits for Mitsubishi Evo 8/9 Applications

Part Numbers: 28962S163 (Clutch & Flywheel Only);

28962S1635 (w/ 5-Speed Hydraulic Throwout Bearing);

28962S1636 (w/ 6-Speed Hydraulic Throwout Bearing);

62000S (Flywheel Only)

Street Price: Call for Pricing

Social Media Pitch: Quarter Master® Optimum-RR Street Performance Clutch Kits for Evo 8/9 increase MOI within 80% of stock while keeping mass at a minimum

Features & Benefits:

- MOI within 80% of stock; mass strategically placed to increase MOI while keeping mass weight of flywheel at a minimum
- Design allows driver to maintain revs for smoother takeoffs & clutch modulation
- Optimum-RR Clutch features billet design w/ rebuildable frictions & floaters

About Quarter Master®

Quarter Master® began operations in 1958, and since that date, Quarter Master® products have enjoyed a history of track-proven results. Quarter Master® products are built to exceed racers' demands for reliability, high-performance and durability. Our passion and our commitment are devoted to the racer's ultimate goal...winning! Quarter Master® joined the COMP Performance Group™ in early 2009 to become part of the largest family of automotive aftermarket performance manufacturers.
