Quarter Master® Optimum-RR Import Street Flywheel For Honda K20/K24 Engines Provides Street Precision

Lake Zurich, IL – Designed with import enthusiasts in mind, new Optimum-RR Import Street Flywheels feature optimized weight for improved driveline feel, but are lighter than stock to provide ideal response.

This new flywheel adapts the popular eight-leg, 7.25" twin-disc clutch technology from Quarter Master® for use on Honda K20/K24 engines. It fits a variety of popular late model applications including Honda Civics, Accords and Elements, as well as a variety of Acura RSX models. The flywheel weighs nine pounds, providing smoother engine and clutch modulation, through added inertia, a over the lightweight version. The engine also will not stall as easily with this street-optimized clutch.

Quick Facts

Product: Quarter Master® Optimum-RR Import Street Flywheel for Honda K20/K24 Engines

Part Number: #509671

Street Price: \$528.00

Social Media Pitch: The Quarter Master® Optimum-RR Import Street Flywheel for Honda K20/K24 Engines offers ideal weight for perfect street driveline performance
