

The 1996-1999 GM Silverado/Sierra equipped with the 5.7L V8 in Extended Cab, short Bed configurations are a popular vehicle for modification, especially if it means increasing power, torque and mileage. Flowmaster's American Thunder dual rear or side exit cat-back system is for the person who is looking for a complete cat-back dual exhaust system with an aggressive tone. These 409S stainless systems are mandrel bent for maximum performance and include specially selected mufflers all of which is protected by our limited lifetime warranty. American Thunder systems deliver a moderate to aggressive interior and exterior tone and are suited to the enthusiast who wants their performance to be heard. Like all Flowmaster systems, they are designed for an easy fit and include all the necessary parts and hardware for easy installation.

- **409S Stainless Steel Construction for Maximum Durability.**
- **Includes both side and rear exit pipes for a custom installation.**
- **Moderate Interior and Exterior Sound Level.**
- **Improves Torque, Horsepower and Throttle Response.**
- **Lifetime Warranty**
