

80 Series Crossflow Muffler

2.50" Offset IN / 2.50" Dual OUT

Flowmaster is proud to announce the newest addition to our expanding line of 409S stainless steel products. The 842583 80 Series muffler is designed for applications which use a transverse muffler, and features a single 2.5" inlet, along with dual 2.5" outlets, one at each end of the muffler. With a bold, aggressive tone inside and out, this muffler fits many Camaro and Firebird applications, as well as others using a 'cross flow' muffler design. Constructed of premium 409S stainless steel, this muffler is fully MIG welded for maximum strength and durability and like all Flowmaster stainless products, this muffler is backed by our limited lifetime warranty.

- Aggressive And Powerful Exterior Exhaust Tone
- Durable Stainless Steel Construction
- 1984 to 2002 Camaro/Firebird/Buick Grand National
- Cross Flow Applications
- Limited Lifetime Warranty
