

NEW PRODUCT RELEASE

You asked and we listened; Flowmaster's proven 10 Series race mufflers are now available in durable 409S Stainless Steel. Utilizing patented Delta Flow technology for maximum performance, these mufflers are recommended for racing applications where a muffler is required without a set decibel limit to be met. 10 Series mufflers will provide a noticeable dB reduction over open headers, while maximizing the performance efficiency of your engine. Available in 3.0" and 3.5", center inlet/center outlet and offset inlet/center outlet configurations. Please call the Flowmaster tech-line for assistance with specific dB requirements and applications whenever selecting race products.

- **Stainless Steel Construction**
- **Compact and Lightweight**
- **Noticeable dB Reduction Over Open Headers**
- **Dyno Tuned For Maximum Performance**
