

**NEW PRODUCT RELEASE**

Flowmaster is pleased to announce the newest addition to our growing line of high quality 409S stainless steel products. These new 2.5" mandrel-bent tailpipes fit all Camaros and Firebirds from 1967 to 1981, and Novas from 1968 to 1974. Designed to utilize offset-inlet / center-outlet mufflers, the new 16 gauge 409S stainless steel tailpipes extend to the rear of the car, following factory routing, and exit straight out under the bumper. As with all Flowmaster stainless products, these pipes are manufactured proudly in the USA and come with our limited lifetime warranty.

- **Stainless Steel Construction**
- **Mandrel Bent for Maximum Flow.**
