

NEW PRODUCT RELEASE

Adding to a rapidly growing line of high quality stainless steel products, Flowmaster proudly introduces its latest bolt-on exhaust system for the 2004 – 2008 Ford F150 with the 4.6L and 5.4L engines. The single tailpipe Force II system provides a moderate exterior sound while the interior tone remains mild for day to day driving comfort. Featuring 3.0" mandrel-bent tubing for maximum performance and efficiency, this true bolt-on exhaust comes with the Super 50 Series muffler, and includes all the necessary hardware for easy at home installation. The system exits behind the right rear tire, and is finished off with a 3.5" polished T304 stainless steel, Flowmaster-embossed tip. As with all Flowmaster products, this system is proudly made in the USA and features our limited lifetime warranty for long term peace of mind.

- **409S stainless steel construction for maximum durability.**
- **Limited Lifetime Warranty**
- **Moderate exterior performance sound with mild interior tone.**
- **Improves torque, horsepower and throttle response.**
- **Made in the USA**
