

NEW PRODUCT RELEASE

For Dodge truck owners looking for the performance and mileage benefits but want a more subtle appearance, we proudly introduce our all-new 409S stainless steel Cat-back exhaust for the 2004-2005 Ram 1500 with the 5.7L Hemi, part number 817513. Engineered for all wheelbases, this direct bolt-on, mandrel-bent 3.00" single exit American Thunder system features our 50 Series HD muffler for a deep, moderate tone inside and out. Exiting behind the right rear tire, the system finishes with a 3.50" polished, Flowmaster-embossed T304 stainless tip and includes all necessary hardware as well as detailed instructions for an easy at-home or installation. As with all Flowmaster stainless steel products, a limited lifetime warranty covers the system to ensure long term peace of mind.

- **409S Stainless Steel Construction For Maximum Durability**
- **Limited Lifetime Warranty**
- **Moderate Interior and Exterior Performance Sound**
- **Improves Torque, Horsepower and Throttle Response**
- **Made in the USA**
