

NEW PRODUCT RELEASE

For the Mustang enthusiast who wants to be heard, Flowmaster introduces the part number 817511 Outlaw Axle-back exhaust system. This Outlaw Axle-back system is our most aggressive sounding system for the 2005-2010 Mustang GT and GT500 to date. Featuring our race-proven Outlaw mufflers, this bolt-on system gives your 4.6L or 5.4L Mustang a deep aggressive exterior sound with an aggressive interior tone as well. Manufactured in the USA from 16 gauge 409S stainless steel, this exhaust system comes complete with detailed step-by-step installation instructions and Flowmaster's limited lifetime warranty.

- **409S Stainless Steel For Maximum Durability**
- **Race Proven Outlaw Muffler Technology**
- **Utilizes Factory Hanger Mounts/Locations**
- **True Bolt-On Installation**
- **Most Aggressive Flowmaster Axle-back**
