

**NEW PRODUCT RELEASE**

For owners of the 1993–1995 Chevy and GMC 1500 extended cab/short bed 4 wheel drive pickups with 5.0L and 5.7L engines. Flowmaster proudly introduces part number 817473. This American Thunder Cat-back exhaust system produces a moderate interior and exterior tone, manufactured entirely in the USA from 16 gauge, 409S stainless steel and featuring our Super 40 series muffler, dual mandrel-bent 2.50" tailpipes with your choice of dual rear exits under the bumper or dual side exits behind each rear tire. Detailed instructions and all necessary hardware are included for easy at-home installation and a limited lifetime warranty means this exhaust is built to last.

- 409S Stainless Steel Construction for Maximum Durability
- Includes both side and rear exit pipes for a custom installation
- Moderate Interior and Exterior Sound Level
- Improves Torque, Horsepower and Throttle Response
- Lifetime Warranty
