

For 1998–2002 Camaro and Firebird V6 owners, Flowmaster introduces its latest all-stainless steel exhaust system. Engineered specifically for the 3.8 liter cars, this American Thunder system features an 80 Series Crossflow muffler, as well as a custom-tuned resonator for a moderate sound inside and out. Providing the performance and mileage gains you expect from Flowmaster, this exhaust is fully mandrel-bent for maximum efficiency, with dual 2.50" tailpipes and 3.00" diameter polished, Flowmaster-embossed tips for a finished look. Detailed instructions are included for easy at-home or professional installation, while Flowmaster's Limited Lifetime Warranty provides long term peace of mind.

- **Stainless Steel Construction**
- **Deep, Performance Tone**
- **Patented Delta Flow Technology**
- **Limited Lifetime Warranty**
- **Dyno Tuned For Maximum Performance**

409S[®] Stainless Steel

SPECIFICATIONS:
UPC: 700042-02466-7
BOX DIMENSIONS:
16.25" H x 11.25" W x 58.50" L
WEIGHT:
53 lbs.
Part# 817358
