

NEW PRODUCT RELEASE

For Dodge Hemi truck owners looking for the most aggressive sound and style for their 2004-2005 2WD Quad Cab/short bed and Standard cab/long bed vehicles, Flowmaster introduces the 409S stainless steel 817398 Muscle Truck Cat-back exhaust system. Featuring a single-inlet, dual-outlet Super 40 Series muffler, along with dual 2.50" mandrel-bent tailpipes, this race-inspired, emissions-legal exhaust exits both pipes side-by-side in front of the right rear tire and is finished with 3.00" polished, Flowmaster-embossed stainless tips. With an aggressive tone inside and out, this Muscle Truck system is for the Hemi owner who wants to be noticed, and the limited lifetime warranty provides long term assurance that the truck will remain noticeable for many years to come.

- **Stainless Steel Construction**
- **Patented Delta Flow Technology**
- **Deep Performance Tone**
- **Limited Lifetime Warranty**
- **Dyno Tuned For Maximum Performance**
