

In a continuing effort to build not only the highest performing mufflers available, but also the most durable, Flowmaster introduces its Super 50 Series line of mufflers in heavy gauge 409S Stainless Steel. Manufactured in the USA and available in six of the most popular inlet and outlet configurations, these Delta mufflers feature Flowmasters patented Delta Flow Technology for maximum performance, and are backed by a Limited Lifetime warranty for long term peace of mind. Developed for use on a wide range of vehicles from the family SUV to Big-block muscle cars, the Super 50 produces a deep, moderate sound outside and mild, reduced resonance tone inside the vehicle making this muffler ideal for daily driver applications.
