

Tomar™ Cool Blue Clutch Coolant

Lake Zurich, IL – Leading kart and MX clutch manufacturer introduces proprietary racing clutch coolant.

Cool Blue Clutch Coolant from Tomar™ is formulated specifically to keep clutch parts clean and cool in higher temperature oval and sprint racing kart clutches and MX bike clutches. Containing a proprietary mixture of three synthetics and two friction modifiers with an anti-foaming additive, Cool Blue Clutch Coolant resists thermal breakdown and keeps components clean and free of residual carbon deposits to prolong the life of your 2-cycle kart and motocross wet design clutch. In addition, an easy pour bottle design that features clearly labeled measurement markings helps ensure the coolant ends up in your clutch, not on your garage floor.

Quick Facts

Product: Tomar™ Cool Blue Clutch Coolant
Part Number: #600000 (Quart); #600001 (Case)

Social Media Pitch: Tomar Cool Blue Clutch Coolant uses a mixture of synthetics & friction modifiers to keep kart & MX clutches cooler, cleaner & running longer
