

Owners of the new 2012 SRT8 Charger and 300C now have the ultimate solution to their exhaust needs. Flowmaster proudly introduces the all new Force II system, part number 817540, engineered specifically for the 2012 cars with the 6.4 liter Hemi engine. Featuring our legendary Super 40 Series mufflers, mandrel-bent 3.00" tubing and custom-tuned resonators, this 50-state emissions legal system provides noticeable performance benefits with a moderate exterior tone, and mild interior sound.

Manufactured in the USA from heavy gauge 409S stainless steel, this bolt-on system features Flowmaster's patented Scavenger X pipe for increased performance, and is finished with polished, 4.00" 304S stainless tips that fit the factory fascia exactly.

With all necessary hardware, and detailed instructions, this system is easily installed at home or by a professional, and is protected by our Limited Lifetime Warranty.

Please call 1-800-544-4761 or visit www.flowmastermufflers.com for more information.
