

COMP Cams® Issues Ultimate Challenge To Power Tour Participants

2010 Hot Rod Power Tour participants will get a chance to show off their engine building skills in the COMP Cams® Engine Builder Duel

Due to popular demand, COMP Cams® will be bringing the Engine Builder Duel back for the 2010 Power Tour. The contest, presented by Snap-On Tools, pits two teams against each other to see who can completely assemble and run a Small Block Chevy engine in the shortest amount of time. Armed with nothing but their own knowledge, contestants are pre-chosen, un-sponsored gearheads who will be given the appropriate parts and tools to complete the build but may not ask questions of anyone in the crowd or a COMP® employee. First place winners will each be rewarded with a \$250 COMP Cams® gift certificate while runner-up team members will receive a \$125 gift certificate each.

The Engine Builder Duel will take place in three different cities during the Hot Rod Power Tour at 3:30 p.m. at the COMP Performance Group™ booth located next to the main stage:

- Bowling Green, Kentucky – Tuesday, June 8
- Chattanooga, Tennessee – Wednesday, June 9
- Birmingham, Alabama – Thursday, June 10

The COMP Cams® Engine Builder Duel has been a crowd favorite at past events and appeals to all automotive enthusiasts. Entertaining and informative, the contest is sure to be a great time for spectators and participants alike. Stop by the COMP Cams® trailer for a complete schedule of events and to see many of the new products offered by COMP Cams® and other COMP Performance Group™ companies.

For more information about the COMP Cams® Engine Builder Duel presented by Snap-On Tools or any COMP Cams® product, call us at 1-800-999-0853, or visit us online at www.compcams.com.
